

Live Homework Help Guide

1. Once you log into Live Homework Help, select the appropriate grade level. MSU Students choose "College Intro."

The screenshot shows the Live Homework Help website. At the top, there is a yellow banner with the text "Live Homework Help" and "CLICK IT & CONNECT". Below this is a login form with fields for "Username:" (optional) and "Password:", and a "go" button. A link "Click here" is provided for users who don't know their password. To the right of the login form, there is a section titled "Live Homework Help" with a yellow button that says "First time here? Download the FREE software today!". Below this, it lists "Free Tutoring • Math • Science • Social Studies • English" and "Grades 4-12 and College Intro". It then says "To connect to a tutor, follow the steps below:" and lists "1. Select your grade level." with a dropdown menu showing "College - Intro" selected. To the right of the dropdown, there are two more steps: "2. Select the subject you want help in." and "3. Enter the Online Classroom." The dropdown menu is open, showing options from "4th" to "College - Intro".

2. Select the appropriate subject matter.

The screenshot shows the 'Live Homework Help' website interface. At the top, there is a login section with 'Username (optional)' and 'Password' fields, a 'go' button, and a link to 'Click here' to create a free account. Below this is a large blue banner with a smiling sun icon and the text 'Get FREE help online from real tutors!'. To the right, a 'CLICK IT & CONNECT' section prompts users to save and view past chat sessions. The main content area features a 'Live Homework Help' title and a yellow box that says 'First time here? Download the FREE software today!'. A dropdown menu is open, showing a list of subjects: English, Math - Algebra, Math - Calculus, Math - Geometry (highlighted), Math - Trigonometry, Science - Biology, Science - Chemistry, Science - Earth Science, and Science - Physics. Below the dropdown, there are numbered instructions: '1. Select your grade level.' with a dropdown set to 'College - Intro', and '2. Select the subject you want help in.' with the dropdown set to 'Math - Geometry'. A 'GO' button is visible at the bottom.

3. Click "Go."

This screenshot is identical to the previous one, but with a mouse cursor clicking on the 'GO' button. The dropdown menu is still open, and the 'GO' button is highlighted in yellow.
