

EDGE STUDENTS:

Apply your EDGE credits toward a degree at MSU!

West Virginia EDGE (Earn a Degree, Graduate Early) was created to help West Virginia high school students earn college credit while still in high school. Students completing EDGE courses are eligible to transfer their credits to Mountain State University. EDGE credits can be applied toward a degree at MSU once a student has submitted the following application materials:

- » Undergraduate application
- » \$25 application fee
- » Official high school transcript
- » Official EDGE transcript

Be sure to tell your MSU admissions counselor if you have EDGE credits.

Here is a list of EDGE courses and how they can be applied toward a degree at MSU:
